## INFORMATION FOR USERS

Let us provide you with some instructions and recommendations for use and maintenance of purchased gloves. When making choice, consider the purpose for which the gloves will be used.

**Product:** Children's gloves, 5-finger, with printing and elastic cuff. "DRAGO" 3410 008 999 XX

**Material:** Cotton knit, coated with nitrile

**Size:** 5 (5 years); 7 (7 years)

**Use:** Gloves for common non-professional use. Remember fabric is water-impermeable material.

**Attention:** *The gloves do not come under any PPE category and were not designed for protection against safety hazards. It is necessary to adapt their practical use to such conditions.*

**Care:** After use make sure that all contamination is removed from gloves. Thus, you extend the gloves' working life.

Wet gloves should be dried out gradually. Freely laid out of sources of heat. They should not be dried in the sun. It is good to stuff the gloves with a newspaper and impregnate and soften the leather with a suitable cream after they dry out.

The gloves must not be washed. Any dirt should be brushed using a soft brush or wiped out when wet. No chemical cleaning, bleaching, tumble drying or ironing.

**Storing:** The gloves should be stored in a suitably dry and clean place at room temperature. Protect them against direct sun rays and against heat sources.

**Disposal:** As a solid home waste.
