Instructions for use:

The gloves are made of high-quality latex. **The gloves are designed for minimum safety risk.** The gloves provide protection of hands against non-aggressive dirt - weak detergents with easily rectifiable impact (the gloves provide protection against diluted detergents etc.). Put the gloves on dry and clean hands.

Please note:

The material of gloves may be damaged by kerosene, mineral oils, fats or organic solvents.

The gloves are made of natural latex, which may cause an allergic reaction, including anaphylactic shock.

If skin irritation or allergic reaction do not use gloves and contact your doctor immediately.

The gloves do not protect against chemical, biological, mechanical, or other risks!

A little powder is applied on the gloves.

The gloves do not provide full coverage of wrists.

They should be kept in a dry and well ventilated room. Excessive humidity, temperature, or intensive light may influence quality of gloves. The supplier doesn't provide warranty for such damage.

The gloves should be disposed of in accordance with the Waste act.
